Dear Ed:

Thanks for contacting us about your home owner's group. As I mentioned on the phone, we should be able to provide hi speed internet coverage to the majority of your residents along Honoco Road. Our service is an unlimited service providing you the ability to stream movies and video. In addition our service will also allow family members to play interactive games. High speed internet can also be helpful for your home business, agriculture or education. In addition, the service can be used for off season monitoring of lake homes via various remote devices such as cameras, thermostats, security and water sensors.

Clarity Connect can also help you to save money. Our standard service provides speeds of up to 6mbps download and 2mbps upload with no data caps or time restrictions. This is much cheaper than internet hot spots or cell phone type data plans. Our current fee is \$49.99 per month, \$134.97 quarterly ( \$44.99 /month ) , \$479.88 annually ( \$39.99/month ). We do charge a one time installation charge of \$199 for a standard installation. In some instances we may need to install addition equipment to improve the signal quality which we can determine at the time of installation. We do offer an off season pricing for \$10 a month for inactive accounts if someone is going to be away from a cottage or home for an extended period of time.

Please feel free to give us a call to talk about how we can install high speed internet at any of your group's homes. We can be reached at the above phone or email. I look forward to visiting with each of you soon.

Sincerely,

Mike Hogue
