

Honoco Road Association BOD Meeting  
September 19, 2019  
7:00

Those in attendance: Steve Green, Bob King, Cindy Krause

1081 Road Repair-Steve Green will touch base with Steve Morse and see where we are in getting necessary materials to fix this part of the road. Repair is necessary for truck turn around and needs to be addressed as soon as possible.

Vitale Stone- Additional loads of stone will be applied to the road this fall. However, the large trucks cannot go beyond Franklin Point at this point because of the needed repair at 1081. Steve Green will contact Vitale to see if they will do the job in two trips or wait until the road work is complete and do all at once. This works needs to be completed by December 31 as per the annual road plan.

Stone piles: The stone pile near 1408 has been depleted. After the stone from Vitale has been spread, any extra will replenish that pile of stone.

Delinquency Letters: Bob and Cindy will meet soon to send out delinquent letters and invoices for 2019 and back arrears.

August Newsletter: The August Newsletter will be sent out soon. A hold up receiving August bank statements delayed the letter's publication.

Snowplowing: There is money in the budget for snowplowing this year. No extra will be needed from permanent residents. Steve Green will spearhead finding a person to snowplow.

Sponsor Letter: Cindy has been working on a new Sponsor letter to send out when 2020 dues letters are sent out. She will also contact A&M Graphics about crafting a new/different sponsor board for the road.
